TEST HEAT of one of the electric furnaces at American Steel Foundries keeps furnace perator Ken Dunaway alert as molten bits of steel streak past him.

SIX YEARS OF SILENCE are broken by the pouring of steel castings Thursday. Pigs are poured, using a huge ladle filled with more than 22 tons of molten steel.

American Steel Foundries' fire returns

GRANITE CITY — An earth-shaking roar tore through a six-year collection of dust and cobwebs at 9:27 a.m. Thurs-

day.

It was a sound that hadn't been heard in a long time.

For the first time since Nov. 6, 1982, the American Steel Foundries had a fire in the furnace.

the furnace.

"Around here that's a beautiful
und," said William P. Donovan, Grancity works manager.

"We consider it a historic day and

hope it is only a start, said Tom Majewski, assistant works manager. Twenty-two and a half tons of steel, about two-thirds of a full load, went into the furnace. The furnace crew went to the furnace that a pearling the furnace is the furnace crew went and enthusism that appeared anything but routine. In that appeared anything but routines that appeared anything but routines. Nobody wandered very far from the furnace and the watchers were as intent as the workers.

By 10:55, temperature readings were showing 3,000 degrees Fahrenheit and a bucket was prepared for the molten steel. An overhead crane lowered it into the pouring pit.

The furnace was tipped at 11:20 a.m. and, in a shower of sparks, the street of molten steel flowed into the backet.

A little less than two minutes later the furnace was empty and the bucket of molten steel was on its way. It was cast into pigs — pigs that will go back into the furnace when the day comes for real castings to be made.
It was just a test heat of the electric real casting to be made.

week should be ready soon.

"At this point it's still in the attorney's hands," he said.

At Wednesday night's meeting, District 12 Superintendent Dan Kostencki acknowledged a letter from David Blue, director of the Educational Therapy Center

which now occupies a wing of the former Lake School in Gran-ite City.

In the letter, Blue expressed interest in leasing Louis Baer School from the district beginning with the next school year.

"There are no dates set on anything yet," Kostencki said. "What will eventually happen is that someone from (Regional Superintendent) Harry Briggs' office will make arrangements for a public hearing after they have contacted everyone in that general neighborhood."

the scalp affected, only a limited number of men can expect results from the drig.

Rogaine, at about \$55 at retail for a menth's supply, is rather expensive, and there is no guarantee of success. If results do appear, the only way to sustain it is through continual use.

The drug is a minoxidil 2 percent solution originally prescribed by physicians to high blood pressure patients as

an anti-hypertensive. A side effect of the solution, called Loniten in tablet form, was hair growth on various parts of the body. Certain women were alarmed by this.

In order to transform minoxidil, which is a slightly soluble powder, into a topical solution, it must be combined as topical solution on the solution of the solution applicators.

The alcohol in the solution allows it to be absorbed into the skin. Rogaine to the solution allows it folicle growth.

Dr. Dolores Cantrell, a Granite City family practitioner, has prescribed Rogaine to a few male patients and is easily awaiting the results.

"These products help them feel you ger, better about themselves." she sa "With this product, they get their ow hair. It is inside their scalp without t ability to get out."

The drug has been found to wo best, she noted, on men who have exprienced baldness of the vertex (topo the head) for less than 10 years. The is a higher rate of success for meni their 20s and 30s.

If used improperly, such as more than the allotted dosage, fluid retention, partice allotts, east pain, or rapid heartheat could arise.

A major cause of hesitation among prospective users of Rogaine is the lag time between initial application and the first signs of hair growth.

Cantrell advises not to expect results for at least four months, and even then there is no guarantee of hair growth. She says the new hair will be of a fluffy or downy grain at first, but soon after that it will blend in with the surrounding hair.

that it will biend in with usual ming hair.

Locally, there has been substaptial interest in this new product, according to Ted Thallman, pharmacist for Kare Drugs.

He has received more than a dozen calls since Rogaine appeared on the shelf more than a month ago. Most of the telephone queries have been of the

Most stores close because local people did too much shopping out of town. In fact, there are many cases where most of the retail businesses in a community have closed.

If that were to happen here, who would be left to pay this community's taxes. The empty store fronts wouldn't be able to pay their share

Who would be contributing work and money toward local groups and projects that we all are interested in?

School workers may do asbestos checks

By Nicole Vaughn Staff writer

VENICE — Finding employ-ees within the school district to train for asbestos management may be a difficult task, accord-ing to one board member.

"All the publicity surrounding the dangers of asbestos has made people fearful of it." mem-ber George Wade said. "It's also going to make finding someone who wants to work with it diffi-cult."

William Gregory of John A. Jurgiel and Associates, an industrial hygiene consultant whom the board is considering hiring to design an asbestos management plan for the district, had not be a supposed that training its own employed that training its own employed that training its own employed that the supposed with the

Western Illimois University, Macomb has announced the participation of mestudents in its marching band. Charles Leavell, Granite City, a sophomore, plays trombone in the band. A 1987 groundent of Granite City High School, he is the son of Alfred and Martha Leavell.

The marching band, under the direction of Dale Hopper and March Jacoby, has performed sing a performance at the Kansas City Chiefs and Denver Broncos football game in Kansas City last month.

During the semester, the band hosted the Marching Band Clas-sic in which 24 high school bands competed, and played at all WIU home football games.

routine six-month inspections?

Gregory further suggested that one employee per building be trained in addition to one employee trained specifically for mainfenance records. Personnel files on employees trained for years because of the disease aspects of asbestos, he said.

Employees would receive three full days of training at a center in St. Louis.

A mangement plan must be submitted to the state by May 9, 1989.

The board has referred the bid on the inspection and subsequent management plan to the building committee, and the personnel committee is considering the employee training issue.

A decision should be made at the Dec. 8 meeting, Superinten-dent Charles McCaskill said. The discussion took place at the Nov. 10 meeting. The board will meet only once this month due to the Thanksgiving holiday Thursday, Nov. 24.

Callender said he yelled at Bailey to get the children and get out of the house. The man

allegedly lunged at Callender, who attempted to move away but was struck in the upper left chest area.

Callender suffered a small laceration and an abrasion to the chest area, but declined medical treatment, a report said. The treatment, a report said. The chest area, but declined medical treatment, a report said. The chest-like," having a pale complexion. Bailey told police.

A woman guest and her four children and Bailey and her two children were in hysterical condition when police arrived at the house, a report said.

Tomshack was spotted near Green's Confectionery and fied west in the 2500 block of Denver,

chased by Patrolman Daryl May, and ran into a back yard.

The adjacent area was searched and a house was sur-rounded when Tomshack was seen hiding beneath a porch or room addition on the property.

Ordered to crawl out, Tom-shack allegedly tried to push Patrolman Mike Murgic out of the way and got to his feet. He was pushed back to the ground by the officer and a struggle ensued before he was handcuf-fed.

To Those I Love Isla Paschal Richardson

If I should ever leave you whom I love to go along the silent way grieve not.

Nor speak of me with tears, but laugh and talk of me as if I were beside you there.
I'd come - I'd come, could I but find a way!
But would not tears and grief be a barrier?

And when you hear a song or see a bird I loved, please do not let the song of me be sad. For I am Loving you just as I always have.

Village to condemn grain building

CAHOKIA — The second fire in less than two months at the St. Cair Warehouse has prompted village officials to seek condemnation of the building.

"The building is so old and dilapidated, it is beyond restoration. It is, as far as the village is concerned, condemned," said Noal Grunert, administrative assistant to Cahokia. A fire was reported at 4:16 a.m. Saturday, at the St. Cair Warehouse on Cargill Road on the Cahokia Mississippi riverfront, said Gary Tyler, member of the Cahokia Fire Department Board of Directors. The building is used to store tons of feed grain.

The cause of Saturday's blaze has not been determined, Tyler said.

Tyler said the fire, which was located in a conveyor-belt tunnel beneath grain storage said the fire was reported a perfect of the conveyor-belt tunnel beneath grain storage said the fire was reported.

Tyler said conditions for a potential explosion at the warehouse existed on Saturday, Firefighters also cited a fear of an explosion during the Oct. 8 blaze. Sturday, firefighters were advised to evacuate because of the possibility of an explosion. It never occurred, Tyler said, adding officials were still monitoring the site on Monday.

About 150 firefighters from area fire departments responded to the call. Tyler

said on Menday that although tirefighters were on hand throughout Saturday afteranoon, the fire had not been compacted to let it burn itself out. For safety reasons, we decided not to go in there full-force. We did what we could do," he said.

New 'Davy Crockett' story to be made-for-TV movie

The premiere of a new Walt Disney version of "Davy Crock-ett" is unveiled with a two-hour, made-for-TV movie at 6 p.m. today (Sunday), on KSDK-TV (Channel 5).

Tim Dunigan and Gary Grubbs reprise the roles, respec-tively, of the frontiersman and his sidekick, Georgie Russell, parts made famous in the mid-1950s by Fess Parker and Buddy Ebsen.

This '80s version of 'Davy Crockett' hopscotches back and forth between approximately 1810, when Davy was a leader of the Tennessee Volunteers civilian militia, and 1835, when Davy the statesman (played by Johnny Cash) is summoned by President Andrew Jackson (David Heminings) to lend support to the president's anti-indian efforts.

president's domestic staff, is played by Samantha Eggar. THIS CHARGE ON EAST IN COMPANY THE CHARGE ON EAST IN COMPANY CAFE

By Harry Hamm Staff affiliate The age of the music concert film has come and gone. MTV and the music video business have become so prevalent they have just about filled it. Do a music concert film in the old-fashioned, straightforward manner, simply capturing the performance, and you will find movie suddences staying away in by the real Elvis would bring them out for this genre of exhibition film. The new rock documentary 'U2: Rattle and Hum' ****, (average) has all that and more.

Christmas in Windy City: best of holiday trimmings

By Deborah Reinhardt Staff affiliate

By Deborah Reinhardt
Stati atililate

The icy winds off Lake Michigan whipped around the group of Christmas shoppers who were waiting for a street light to control the street waiting for a street light to Christmas, but it also can be brutal. Only the wimpy whine, however.

Despite arctic temperatures, locals and visitors annually flock to the Magnificent Mile on Michy the spectacular holiday environs, I am not a native — although through frequent visits, I consider myself a daughter of Chicago — but I think this city during the spectacular holiday environs. Marshall Field's, the city's signature store, has more reasonably priced items. During the season, Saturday seems to be the busiest shopping day. Sometimes it is difficult to look at

items displayed in cases because shoppers are lined two rows deep. It may be better to shop Sunday when stores are open from noon to 5 p.m.

Youngsters or the young at heart will not be able to resist Beauty and the Beast, a store that is stuffed with stuffed animals. You can take home a mother cat carrying her kitten Avanti and costs \$85.
Candy always is a welcome gift and Water Tower Place has several stores for the person

with an incurable sweet tooth. There is a Godiva Chocolatiers store that sells the famous Godiva truffles. For hand-dipped, chocolate-covered strawberries, go to Aunt Diana's Old Fashtoned Candy Makers. And Long the condition of the covered in head of the covered in pecans. Check out State Street Mall, a great collection of specialty stores, cafes and a fairyland of decorated store windows. The Marshall Field's store on State Street has completed major renovation, so it will be a "new" store for frequent shoppers.

There are international shops on Oak Street, at the corner of Oak and Michigan Avenue. Parking is available at 2 E. Oak. And the City of Chicago Store, has unusual gift tems like Chicago street signs or ballot boxes, as well as gifts from the city's 35 museums and cultural institutions. The store is at 174 tW. Randolph St. Hours are 10 am. to 6 p.m. Monday through Friday.
